

WE GET IT. YOU NEED LESS HASSLE AND GREATER VALUE.

We fix problems quickly. However, we think it's smarter to keep them from happening in the first place. Partner with VASEY today.

Who are we?

Based in Zionsville, we have more than four decades of experience. We take a different approach to construction projects – one that focuses on you, the General Contractor. We optimize long and short-term goals and margins while providing the best industry solutions and services available. Stellar safety practices and communication are imperative. Since 2003, our MOD rate hovers around 0.62 to 0.72 year over year.

Why choose us?

Accountability. Responsibility. Trust. Professionalism. We understand deadlines. Being self-contained, we use our own tenured technicians, crews, fabricators, in-house engineers and support teams to ensure the support, reliability, and performance you need to be successful.

Our Services

Plumbing and Installation

We perform all commercial plumbing services as well as project-based or client-based solutions. Need project planning and review, estimating and budgeting, or project management? No problem. As a trusted partner, from concept to completion, we are actively involved and respond quickly to your questions and needs. Additional services include sewer and drains, touchless fixtures, jetting and camera line inspections.

HVAC and Indoor Air Quality

We provide HVAC and IAQ solutions for any type of facility including building automation, system design, and installation.
