

# WE GET IT. YOU NEED LESS HASSLE AND GREATER VALUE

We fix problems quickly. However, we think it's smarter to keep them from happening in the first place. Partner with VASEY today.

## ABOUT OUR COMPANY

Based in Zionsville, we have more than four decades of experience. We take a different approach to building and development projects – one that focuses on you, the Building Owner. We optimize long and short-term goals and margins while providing the best industry solutions and services available. Stellar safety practices and communication are imperative. Since 2003, our MOD rate hovers around 0.62 to 0.72 year over year.

## OUR COMPANY SERVICES

### PLUMBING AND INSTALLATION

We perform all commercial plumbing services. By regularly checking, testing, and cleaning your systems, we keep them at top performance and address issues before they happen. As a result, you're far less likely to experience breakdowns, structural and equipment damage, disruptions, or delays while waiting for a replacement part. Need project planning and review, estimating and budgeting, project management or proactive/preventive maintenance? No problem. As a trusted partner, from concept to completion, we are actively involved and respond quickly to your questions and needs. Additional services include sewer and drains, touchless fixtures, jetting, camera line inspections, process piping and pipe location.

### HVAC AND INDOOR AIR QUALITY (IAQ)

We provide HVAC and IAQ solutions for any type of facility including building automation, system design, proactive/preventive maintenance and installation.

### PROFESSIONALISM. RESPONSIBILITY. ACCOUNTABILITY.

Being self-contained, we use our own tenured technicians, crews, fabricators, in-house engineers and support teams to ensure the support, reliability, and performance you need to be successful.

## WHY CHOOSE OUR COMPANY
